Objective

A highly motivated full stack developer with a solid foundation in object-oriented programming and experience in building robust, scalable, and secure web applications.Eager to join a dynamic team where I can continue to grow and apply my skills in a challenging environment.

Technical Skills

Programming Languages: Java, JavaScript(ES6), C, C++, Python
Frameworks/Libraries : SpringBoot, Hibernate, Maven, Microservices, ReactJs
Tools/Technologies: HTML, CSS, Intellij, Postman, Git, MS Excel, Sql
Cloud/Dtabases: MySQL
Operating Systems: Linux, Windows

Education

Aligarh Muslim University, Aligarh, UP, India   **2024-2026**
M.Tech(Software Engineering)

Aligarh Muslim University, Aligarh, UP, India   **2019-2023**
B.Tech(Computer Engineering)   *GPA: 7.6/10*

Select Course: C programming, Data Structure and algorithms, Operating System, Database Management System, Computer Networking, Artificial Intelligence

Projects

Ecommerce Backend System | *GitHub*   **July 2024**

- Developed a robust and scalable backend for an e-commerce application which supports many core e-commerce functionalities, enabling a seamless shopping experience for users, and efficient management of products, orders, and user data.
- Keeps a record for Customer, Seller, Product, Order and Cart and it has **10+ APIs**.
- Tech Stack: using **Spring Boot, Tomcat, JPA, Hibernate, MySQL DB, Apache Maven, Intellij & Postman**.

Face Recognition Attendance System | *GitHub*   **Feb 2023**

- Developed an advanced face recognition attendance system designed to automate and streamline the process of recording attendance in educational institutions and workplaces and mark their attendance in real-time.
- Use Harcascade Algo for Face detection & Local Binary Patterns Histograms(LBPH) For Recognition.
- Tech Stack: using **Python, OpenCV, NumPy, Ms Excel & MYSQL**.

Educational Website | *GitHub*   **March 2022**

- Developed a comprehensive and responsive educational website aimed at providing a learning platform for students.
- Responsive Design: Ensured the website is fully responsive, providing a seamless experience across desktops, tablets, and mobile devices.
- Tech Stack: using **HTML, CSS, PHP & MYSQL**.

Achievement's

1: Solved more than **300+** problems on various Coding platform.
2: 5 star in SQL on hackerrank.
3: Gate 2023 & 2024 qualifed.
